MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS OVERVIEW:

The main business of the Company is manufacturing and sale of Chemicals, Dyes and Bulk Drugs used in Industrial and Domestic purposes.

OPPORTUNITIES, THREATS, RISKS, CONCERNS AND OUTLOOK:

During the year under review your Company performed well and managed to increase its total sale by about 79.65%.

The roller coaster ride of Indian economy turned on downward slope in FY 12. Factors like unmanageable inflation, higher cost of commodities, unprecedented depreciation of Indian rupee against US dollar, reined in liquidity and inflated cost of borrowing tested the much talked about strong fundamentals of Indian economy. The lack of policy assertiveness towards economic reforms coupled with rising fiscal deficit aided to the woes. Thanks to the resilience shown by Indian enterprises and demography, the severity of all these challenges could have been arrested to a greater extent.

Risks and concerns:

a. Global economic environment:

The global economic environment though coming out of the worst possible times, is still faced with the crisis in certain European Countries and the uncertainty continues to remain. The Indian consumer durable industry remains stable in terms of the growth but is facing stiff competition on account of entries of new players. We will need to engage more in diversifying our business model and extending our reach. We will need to offer value proposition to the new customers to develop and growth in business further.

b. Pricing Risks

The pricing across our business is under risk due to competition. We have been providing and offering value added services and benefits to the customers to retain them. We are also investing towards brand building and awareness programme across our businesses to ensure adequate product differentiation.

c. Hiring and Retention Risk

We have been working on retaining the best talent in the industry to work with us but it is a constant challenge to retain the good talent. There is imminent short term risk from new entrants and existing domestic players to hire talent from our Company. We have implemented a number of employee initiatives like job rotations etc. to retain and grow talent.
